OUTDOOR 24H

HOW WE WORK

In these 48 years of work taking care of every quality detail in our manufacture, they have taught us to do things right.

Since our beginnings in 1974, our commitment to design, quality and innovation is continuous, which is why we have always had our own product development department, supervised by the president of the company, Jacobo Moreno.

We have always considered it appropriate to also have an external multidisciplinary team, which provides us with new ideas with high-level professionals.

This allows us to offer an innovative design, technology, functionality and high quality products using the most advanced technologies, such as the use of PURE POLYESTER in our coatings.

So we can proudly say that we care about maintaining quality, taking care of every detail, in the design, in the manufacture or in the realization of an attractive and safe packaging for the shipment of the product.

CÓMO TRABAJAMOS

En estos 48 años de trabajo cuidando cada detalle de calidad en nuestra fabricación, nos han enseñado a hacer las cosas bien.

Desde nuestros comienzos en 1974, nuestro compromiso con el diseño, la calidad y la innovación es continuo, por lo que siempre hemos dispuesto de nuestro propio departamento de desarrollo de productos, supervisado por el presidente de la compañía, Jacobo Moreno.

Siempre hemos considerado oportuno disponer también de un equipo multidisciplinario externo, que nos brinda nuevas ideas con profesionales de alto nivel.

Esto nos permite ofrecer un diseño innovador, tecnología, funcionalidad y productos de alta calidad utilizando las tecnologías más avanzadas, como el uso del PURO POLIÉSTER PURO en nuestros recubrimientos.

Por lo que podemos decir con orgullo que nos preocupamos por mantener la calidad, cuidando cada detalle, en el diseño, en la fabricación o en la realización de un embalaje atractivo y seguro para el envío del producto.
